Investigator Comments

FWNC17OFF04143: R. Mullen contacted me ref sink hole opening near cages. Lt. Barrow and I met at the location determined wildlife/cages not in imminent jeopardy, but should place in temporary transport caging further away until a sinkhole expert could advise on expansion. R. Mullen stated he would build new cages on hill in near future. Lt. Barrow went over some of the concerns he had with previous violations/report where warnings were issued. No issues changed, just I would give him more time to comply.
