Re: Single Vision Inc. License Renewal

To Whom It May Concern:

We have represented for Single Vision since 2007. I personally have been working with Carl Bovard for the entirety of that time.

I can verify that Carl Bovard, the Owner/Operator of Single Vision, has both the knowledge and experience in all aspects of care, husbandry and training for cheetahs (*A. jubatus*) and hyenas (*Hyaenidae*). I can also verify his past experience based on his resume submitted.

- met Carl Bovard in ~~10~~ years ago
  - ~~just~~ was leaving a facility where he was getting experience to start his own.
  - Cares greatly for the animals and always tries to put them first.
  - No doubt has the experience to care for both cheetahs + hyenas.

I would say between his time at the various facilities that he spent equal time with them. Not down to the hour but within a time frame to call it equal.

Kindly,

Dilyn
