Offense Description S65W WILDLIFE EXHIBITS				

On 12/15/2020, I, Investigator J. Barber of the Florida Fish and Wildlife Conservation Commission (FWC) along with Inv. K. Holmes (FWC) conducted a routine ESB and ESC inspection at Single Vision in Clay County, FL. The facility is located at 8185 Forest Hills Rd. in Melrose, 32666. The licensee, Carl Bovard (ESB App ID:14526), accompanied us for the inspection.

During the ESB inspection, the following violations were noted:

- Multiple U-nails were backed out and missing from a wood post for the cougar enclosure causing a 3-4-inch gap when pulled on.
- The Acquisition paperwork for his newly acquired Jaguar, Tawny Lion and two White Lions did not have the transferee's FWC license # as required.
- The enclosure being used for (2) 5-month-old white lions and (1) 8-month-old cougar did not have the required safety entrance.

During the ESC inspection, the following violations were noted:

- An enclosure housing (2) recently acquired Otters did not have a pool meeting the requirements.
- One bird cage had more than normal fecal/food build up in the bottom of the cage.
- An enclosure housing a carpet python had multiple sheds and feces.

Mr. Bovard was verbally warned on the issues with the understanding they needed to be corrected immediately.

The above was captured on my state issued body camera.
