

Lady Freethinker has partnered with FreeWill, an online platform that guides you through making your will in 20 minutes or less, and it is 100% cost-free to you. As you create your will, you can even plan a gift to LFT today and join our Legacy Society. While optional, including LFT in your will gives you the opportunity to create a legacy that exposes animal cruelty and ends human-caused suffering for years to come.

Please see some answers to common questions below. Note that LFT cannot offer legal or financial advice and therefore strongly recommends consulting with legal and financial advisors when creating or changing a will or trust.

FreeWill FAQ:

What is FreeWill?

FreeWill makes estate planning more accessible through their free will writing tool. Through this online platform, you can create a legal will and charitable bequests in under 20 minutes at zero cost to you. All you have to do is answer simple questions about you and your wishes. Once you're finished, you will receive a document to download, print, and sign. Your final will (or trust in certain states) is valid in all 50 states.

Why did LFT partner with FreeWill?

FreeWill is a simple, cost-effective solution for creating a will. Through our partnership with FreeWill, LFT is excited to offer a powerful resource that will help build your legacy for the future.

What are the benefits of including a planned gift in my will?

You'll join Lady Freethinker's Legacy Society, and will make animal protection a part of your lasting legacy. You'll receive in-depth updates about our work to stay engaged, inspired, and excited about what your future gift will accomplish for all beings.

I already have a will. Can I use FreeWill to update it and create my bequest?

Yes! Create and execute a new will with FreeWill and destroy the earlier version. If you've never used FreeWill before, the site won't know your previous information and you'll have to make a new will entirely. If you worked with a lawyer previously, you can put together your updated wishes on FreeWill and bring them to your lawyer to incorporate into your existing will.

Once I create my will with FreeWill, am I done?

Not yet – a will isn't valid until it's executed. Print your will and follow the instructions on how to execute it. Note that directions will vary by state, but you'll always need to sign, get witness signatures, and perhaps get it notarized.

Still have questions?

Contact us at outreach@ladyfreethinker.org if you still have questions and we will be happy to speak with you about building your legacy for animals.
